

## **REPORT ON SELATTYN & GOBOWEN PARISH PATHS PARTNERSHIP (P3) – FEBRUARY 2018**

The P3 Group continues to grow and now has 8 enthusiastic and willing volunteers working on public Rights of Way in Selattyn and Gobowen Parish. Since November, the Group has identified further potential work sites and trimmed vegetation in Gobowen. When a brushcutter becomes available, more extensive work will be possible. Meanwhile, in the new year the Group has repaired broken stiles and is now surveying more of the many FP in the Parish. Walkers on our paths will see some of the recent work completed, but may also come across 'difficult' FPs (please tell us). Where there are issues, they will be addressed by the Group with the advice and guidance of Shropshire Rights of Way Officers.

Finally, the Group would welcome further volunteers for our monthly sessions, which alternate between walking the routes and carrying out repairs (tools supplied). Robust footwear is a necessity; you might even need your wellies and of course a sense of humour. (Contact Mike McKenna – 07565 528821)
